*2. The creation of a Conceptual Framework with Educator Code of Professional Ethics for the Education Department was initiated in 1990 as a joint effort between faculty and students, led by Professor Joan Wilder. In 1994, a document was produced, and that document continues to be modified by current faculty and students. The Conceptual Framework was expanded by faculty in 1996 to incorporate specific statements of goals to provide further guidelines for faculty and students. These goal statements reflected the faculty's commitment to Michigan's Entry Level Standards for Beginning Teachers (1993), and the Interstate New*

### Clinical Experience 1 & 2 in Brief

The Education Department, through various educational settings and situations, empowers our students to develop and embrace their teaching skills. These settings include traditional classrooms,

The Pre-Teacher Candidate experience is the second of three field components in the teacher education program. Each education student is partnered with a P-12 classroom teacher in a local school for a fifteen-week classroom commitment. Students commuting to the University can complete their pre-clinical experience in a school district close to their home. The Pre-Teacher Candidate are encouraged to seek diverse Clinical Experiences to enrich their professional growth. Course instructors distribute necessary information and forms to each Pre-Teacher Candidate during the first week of the semester. **Students cannot obtain their Pre-Teacher Candidate course until they have been admitted into the Teacher Education Program. Successful completion of Pre-Teacher Candidate Clinical Experience is required before clinical experience.**

- **Elementary Education Pre-Teacher Candidates enroll in their Pre-Teacher Candidate course during the first semester after being admitted to the Teacher Education Program.**
- **Secondary Education Pre-Teacher Candidates enroll in their Pre-Teacher Candidate course within their major content area after being admitted to the Teacher Education Program.**

#### *Program Completion (Transition Point 4)*

The Program Completion Clinical experience, in most cases, is the final semester of the University of Detroit Mercy Teacher Education Program. The primary purpose of Clinical experience is to create an opportunity to transfer theory of the teacher preparation program into real classroom and school environment experiences.

Many factors come into play when determining a student's placement such as major/minor content area, school districts with agreements, availability of tenured teachers, Teacher candidate's GPA, etc. The Teacher candidate will work closely with their assigned University Supervisor. The Teacher candidate cannot seek their Clinical experience placement. All Professional Education courses must be completed successfully and students must meet all eligibility requirements prior to approval for clinical experience.

expectations. How does the cooperating teacher maintain their classroom? How does the cooperating teacher meet district and Principal expectations?

- **Planning and Preparation-give the Pre-or Teacher Candidate weekly duties and assignments that help the Pre-or Teacher Candidate develop into a co-teacher of the classroom.**
- Active observation and instruction-discuss and decide the appropriateness of lessons.
- Classroom and ideas-any time that the host teacher can share with the Pre-or Teacher Candidate their rationale and system for classroom organization and management, that is a great learning practice. The Pre-or Teacher Candidate should not be “peppering” the cooperating teacher with constant questions, but find/make time to discuss what they see the host teacher doing with their classroom.
- Reporting to parents and at parent conferences, if applicable to clinical experience.
- All responsibility for forms and any other Pre-or Teacher Candidate requirements are placed on the Pre-or Teacher Candidate. All forms will be distributed by the Pre-or Teacher Candidate including those copies given to the cooperating teacher.

Pre-or Teacher Candidates should:

- not be left as the sole responsible adult in charge in the classroom.
- not do excessive photo copying during Pre-or Teacher Candidate hours.
- not be on the computer/cell phone unless directed by the cooperating teacher.
- not be hired as a substitute teacher during actual Pre-or Teacher Candidate hours.
- not ask a cooperating teacher to mail or distribute Pre-or Teacher Candidate forms.

### **5.3 Cooperating Teacher Information.**

- During the Pre-or Teacher Candidate Clinical Experience, there are four electronic assessments of the Pre-or Teacher Candidate. These assessments are: two (2) Lesson Evaluations the Pre-or Teacher Candidate, Midterm Evaluation, and Final Evaluation.
- If you feel your Pre-or Teacher Candidate is not performing in the classroom, please contact the course instructor immediately and together we will remedy the situation.
- Your professional judgment is a vital component of this experience. For that reason, we highly value your assessment of the Pre-or Teacher Candidate. Your candid feedback allows the Detroit Mercy Pre-or Teacher Candidate to become better reflective practitioners.
- The course instructor is available for consultation visit/observation in your classroom upon invitation.

candidates should experience planning, teaching and evaluation of activities by actively participating in learning process with students and the cooperating teacher. It is also beneficial for Pre-or Teaching candidates to experience **some** of the other aspects of teaching such as preparing bulletin boards, developing teaching materials, correcting papers with supervision, evaluating projects with supervision, and attending special functions. Finally, Pre-or Teaching candidates should develop an awareness of practices used by experienced classroom teachers concerning classroom management and the maintenance of a positive classroom learning environment.

The recent changes to P-12 education in Michigan not only affect those currently teaching, but also affect those seeking a career in education. The state of Michigan is placing a stronger emphasis on Teacher Candidates spending greater amounts of time in the field they wish to teach. In addition, Cooperating Teachers are being held to higher accountability measures for all learning that occurs within their classroom. Considering these somewhat competing interests, the Cooperating Teacher has the authority to determine the level of involvement a Teacher Candidate has within a classroom. We trust the Cooperating Teacher will value their commitment to the Teacher Candidate's success and together they will outline their individual expectations for the experience. We encourage frequent meetings or conferences be arranged to ensure open lines of communication, as this is a significant component of a successful clinical experience.

When it is determined that the pre-or teacher candidate is capable of classroom leadership, we encourage the cooperating teacher to require the pre-or teacher candidate to plan a minimum of two lessons. *A cooperating teacher is free to use their professional judgement on what they believe the pre-or teacher candidate is proficient in doing.* A cooperating teacher may choose to team teach with their pre-or teacher candidate, or have the student work with small group instruction. Any lesson plan that is built for enrichment activity facilitated by a pre-or teacher candidate must be received by the cooperating teacher in advance. Please use your professional judgment as to what you want your pre-or teacher candidate to work on in your classroom. Whether the pre-or teacher candidate conducts enrichment activities a small or large group, Detroit Mercy seeks feedback on how the student and the teacher education program are doing. In weeks 6-8 of clinical experience, and again in the weeks 13-15, the cooperating teacher will receive an electronic evaluation form (i.e., mid-term evaluation, final evaluation) from the Detroit Mercy's Department of Education to evaluate the pre-or teacher candidate's performance in your classroom.

Any lesson that a pre-or teacher candidate presents should not be a movie, video or pre-programmed CD/DVD. A pre-or teacher candidate may use classroom approved video clips, teacher sanctioned materials, PowerPoint932 Tdalrate antc -0.14 ( ls4 (t)2 (r)7 (o.73 0 T1beo c)4)14 uTw 29.47 0 Td[pr]-3 (o)-10

## **Appendix A: Criminal Conviction Issues**

If a teacher education candidate has any legal issue(s) (besides traffic violations such as speeding), s/he must provide a Judgment of Sentence (if the legal issue is still pending or the student is on probation) and/or a Register of Action when the case is closed to the Certification Officer. If a student has been charged but is pending a court hearing s/he has two business days to report the charge to the Certification Officer.

A teacher education candidate with any criminal conviction(s) including misdemeanors will not be guaranteed certification even if s/he successfully completes a teacher preparation program. The decision to certify a teacher education candidate is made by the Michigan Department of Education (MDE). The MED has the authority to deny certification to a teacher education candidate with a criminal conviction regardless of their academic performance. Detroit Mercy requires a teacher candidate to self-disclose any legal issue(s) at the time of admission to the teacher education program. The Internet Criminal History Access Tool (CHAT) will be used for background checks preceding each Clinical Experience.

### **A STUDENT WITH ANY FELONY CONVICTION WILL NOT BE GRANTED ADMISSION INTO DETROIT MERCY'S TEACHER EDUCATION PROGRAM.**

#### **Offenses that may prevent Teacher Certification through MDE:**

1. Criminal sexual conduct in the fourth degree or an attempt to commit the crime.
